Athankavil house, Choolissery (P.O) Thrissur - 680541

OBJECTIVE

Aspiring an opportunity for exploring my programming skills.

WORK EXPERIENCE

Software Engineer Intern

Oct 2023 - Apr 2024

Bytestrone

I built a web application using Angular and Java, which improved my knowledge of object-oriented programming, website structure, database integration, and full-stack development. I also gained expertise in creating dynamic interfaces, working with RESTful APIs, and effectively using Git for version control and collaborative development.

SKILLS

JavaScript, C, Java, Angular, MySQL, Git

EDUCATION

Master of Computer Applications

2026

Rajagiri College of Social Science (Autonomous), Kalamassery

Bachelor of Computer Applications

2023

St. Thomas College (Autonomous), Thrissur

PROJECTS

Placement Cell Website

placementcell.stthomas.ac.in

Built a web application for the college placement cell using Python Django and MySQL. The project enhanced my understanding of web programming and frameworks. By building the website I gained hands-on experience in backend logic, database management, and user-centric web application development.

Department Fest (EUPHORIA 2024) Website

<https://euphoria.rlabz.in/>

Designed and implemented backend model creation and CRUD operations for the Euphoria 2024 website using SvelteKit and Prisma with Node.js.

Department Fest (ASTHRA 2024) Website

asthrastc.github.io/Asthra2k24/

Developed a responsive website for ASTHRA 2024. Utilized HTML, CSS, and Bootstrap to create a user-friendly, mobileresponsive interface showcasing event details, schedules, and registration information.

CERTIFICATE COURSES

Git Essential Training - LinkedIn Learning

Java Tutorial - Scaler

Python Programming - Infosys Springboard

Career Edge - Young Professional - TCS iON

EXTRACURRICULAR ACTIVITIES

Student Placement Coordinator at Rajagiri

College of Social Science (Autonomous),

Kalamassery
